### He 'Dood It' at the Sequoia!

"Who's afraid?" . . . Nevertheless, the normally self-sure Red Skelton seems just a bit on edge in this romantic scene with Eleanor Powell in M-G-M's musical, "Ship Ahoy" opening Sunday at the Sequoia Theater. Maybe it's because he suspects Miss Powell, in the picture, of being an enemy agent. It is one of Skelton's first romantic roles and said to be a laughfest from start to finish.

### Betty Steps Out at the Redwood

Betty Grable steps out in her own streamlined version of the hula—with a little assistance by Harry Owens and his Royal Hawaiian Orchestra—in the Technicolor musical, "Song of the Islands," now showing at the Redwood Theater. The East Side Kids augment the program with a fast-paced film offering titled "Let's Get Tough," in addition to Dorothy Roberts' stage revue in which 65 talented local kiddies go through their paces.

### Lake Bus Service May Be Improved

More adequate bus service for Emerald Lake may be secured in the near future, it was reported at a meeting of directors of the Highlands District Improvement Association this week at the home of Charles Belton on Summit Dr.

It also was reported that young men and adults of the auxiliary fire force are co-operating with County Fire Warden Bert L. Werder in fire prevention work. Preventative burning was done Sunday and will continue the next two Sundays.

Residents of the district noting street light failure are re-

### Swetts Purchase Insurance Business

C. D. Swett and his wife, Erna M. Swett, residents of Redwood City for more than 30 years and operating the insurance office at 2114 Broadway for over 25 years, announced Monday they have purchased the general insurance business formerly conducted by Dave L. Walter and his successor, John E. Perry Jr. The business of the Walter Insurance agency will be continued at 2198 Broadway.

The Pacific end of the Panama Canal is 27 miles farther east than is the Atlantic end.

quested by the directors to notify the Pacific Gas & Electric Co.

### HAVENS RETURNS

SAN CARLOS—Capt. Lyle G. Havens, skipper of the U. S. freighter torpedoed off Cape Flattery, Wash., June 7, with a loss of one life, has returned to his San Carlos home but is still too busy with official duties to take a promised vacation, his wife disclosed today. Captain Havens arrived by plane at Mills Field Saturday at 4 p. m., "cheerful but tired," his wife said.

### Redwood City Robbers Face Prison Terms

Raymond G. Wayne and Steve Murphy, 19-year-old San Francisco dead end kids who held up a Redwood City tavern Mar. 25 today faced the possibility of of state prison terms after they pleaded guilty to charges of first degree robbery in Judge A. R. Cotton's court.

### Two Men Die In Belmont Auto Crash

Two persons, one of them an athlete of international renown, were killed in San Mateo County weekend traffic accidents. The victims:

George Pearson, aged about 33, Redwood City automobile mechanic.  
Derk D. Zylker, 46, San Francisco, member of the U. S. Olympic soccer team in 1924, noted sculler, and recently sponsor of soccer games for foreign ship crews in San Francisco.

The two men were riding alone in coupes which crashed head-on 1/4-mile north of the main Belmont intersection on El Camino Real at 9:15 p. m. Saturday, according to Police Chief Fred A. Johnson.

Both were killed instantly, the chief reported.

**AUTOPSIES PERFORMED**  
Autopsies performed at the Franklin & Crowe Mortuary in Redwood City disclosed that Pearson died of a broken neck. Zylker of internal injuries. Chief Johnson said Pearson's car was on the wrong side of the highway.

Zylker leaves a wife, Carolina, and three young children. Funeral services will be conducted from San Francisco Wednesday. He was traveling to Atherton to arrange for the purchase of a restaurant there, it was reported.

Pearson, employed in a Burlingame garage, lived at the Five Points Hotel, Redwood City. Funeral arrangements are pending. The accident blocked heavy El Camino Real traffic for half an hour, Chief Johnson reported. Cars were jammed for a mile on either side of the crash, he said.

### SOCCER REFEREE

Zylker had refereed a soccer game in San Francisco shortly before the accident.  
Preston D. Johnstone, 45, and Mrs. Doris Skollin, 35, both of San Francisco, suffered minor injuries yesterday afternoon when their car rolled down a 75-foot embankment on the Crystal Springs Rd. near the Skyline Blvd junction west of Millbrae.

### Notice To War Veterans

All War Veterans owning property in San Mateo County entitled to the benefits of the Exemption as provided for in Section 134, Article XIII, of the Constitution of the State of California, are requested to file their exemption with the County Assessor as soon as possible in order to aid this office in the completion of the 1942 Assessment Roll. The State law provides that all exemption affidavits MUST be filed with the County Assessor the last Monday in June.

## Redwood City Residents Contribute to Stanford

Gifts to Stanford University this year totaled \$1,550,000, Chancellor Ray Lyman Wilbur announced at the 51st annual commencement held on the Stanford campus Sunday.

The University announced the names of more than 3000 donors who have contributed to Stanford during the past year.

Among those from Redwood City (and the surrounding area) were the following:

Redwood City: August Berner, Mrs. Roy N. Bishop, Roy W. Cloud, Mr. and Mrs. Ralph K. Davies, Miss Margaret Doxsee, Dr. James O. Greenwell Jr., Dr. Frank Hinman, Hirotsuke Inouye, Dr. Albert B. McKee, Hall C. Ross, Prof. Stan-

ley A. Smith, Heber V. Tilden, Mrs. B. B. Wolff-Sallin.

Menlo Park:

Raymond J. Allen, Mr. and Mrs. William Corbus, Dr. Windsor C. Cutting, Robert A. Hamilton, Richard F. Hold, Mr. and Mrs. Lowry S. Howard, Thomas M. Jennings, Francis C. Johnson, Mr. and Mrs. Samuel Lillenthal, Mrs. Hester Rusk MacLean, Miss E. Olga Meyer, Mr. and Mrs. Milton S. Rosenfield, Reuel R. Sutton, Frank F. Walker, Mr. and Mrs. D. Hutton Webster.

Atherton: P. R. Blythe, Mrs. Eugene W. Clapp, Mr. and Mrs. John Hancock, Mrs. E. S. Heller, Mrs. F. B. Mannon, Mr. and Mrs. Robert A.

## Redwood City Man Enlists With Marines

Fred S. Peterson of 467 Madison Ave., Redwood City, has enlisted in the United States Marine Corps and is now in San Diego where he is enrolled in the recruit depot for preliminary training.

Peterson formerly was a compressor worker. He took the Marine oath in San Francisco. During six weeks of "boot camp" he will learn the fundamentals of Marine Corps warfare and the use of many types of infantry weapons.

Upon completion of his training he will be assigned to duty with one of the many active Devil Dog units.

McDonald, Mrs. Clarence R. Walter.

San Carlos: Mrs. Henry F. Davis, Mr. and Mrs. Arion S. Kalenborn.

## A Hit From Way Back

Named for a hit tune 50 years ago was this segment of the North American continent's backbone in Montana's Glacier National Park. The sheer, towering cliffs form the famous Garden Wall—named in 1891 for the then popular song, "Over the Garden Wall." Trail riders in the park cross the continental divide at this point. Glacier National Park opens June 20 for the Summer season, according to the National Park service.

## Consider the CABBAGE\*

COOK FOR HEALTH  
AT EVERY MEAL

## CONSERVE VITAMINS AND HEALTH-BUILDING MINERALS

\*Scientific analysis shows that cooked vegetables supply Americans with less than half the vitamins and minerals they had when fresh.

This is a message to Victory Garden growers and all vegetable and fruit loving Californians. Cook these healthful natural foods to preserve their full nutritive values. You will be repaid by greater flavorfulness, more appetite appeal, more health-giving energies.

Follow these simple rules to get the most out of the fruits and vegetables you cook.

1. Use short cooking time. Do not add baking soda to preserve color as it destroys minerals and vitamins.
2. Use little or no water. Excessive water boils away the nutritive values in fresh foods.
3. Start ALL vegetables in boiling water.
4. Cook all vegetables as nearly whole as possible.

Buy food carefully... Cook it right... Waste nothing.

### Office of Civilian Defense Instructions

## Lung Irritant Gases Are 'Non-Persistent'

BY DR. WARD L. MOULD  
Medical Gas Officer  
U. S. Office of Civilian Defense

(This is the fourth of a series of six articles about war gases, their characteristics and measures the civilian can take to protect himself against gas injury.)

#### IV—THE LUNG IRRITANTS

Most of the known lung irritant gases are "non-persistent"—that is, they are quickly diluted by air to such an extent that they are incapable of causing injury. Chlorine, which has a pungent odor; phosgene, which smells like fresh cut hay, and chloroform, which has a sweetish odor like fly paper, compose this group.

Of the non-persistent gases,

the one most likely to be used is phosgene. A moderate amount of phosgene in the area will cause a "catching of the breath" and a sense of tightness in the chest. Other than this momentary discomfort, the individual may have no symptoms for as long as 24 hours. If injury has been mild, there may be some increases in the breathing rate. The injured person becomes drowsy and may fall asleep, feeling refreshed on waking. He will probably experience some tightness in his chest and have a cough.

With more serious injury, breathing becomes more difficult and a bluish color may creep over the face, first appearing about the lips.

Lung irritants impair the

ability of the lungs to absorb oxygen. To lessen the victim's need for oxygen, he must be kept at absolute rest, and must remain in bed for 24 to 48 hours, even if no symptoms develop.

If symptoms do develop, even those indicating only slight injury, the injured person must be cared for by a doctor.

With proper rest and hospital care, complete recovery will occur in nearly all lung irritant cases. Research shows that, contrary to the current public conception, those who recover from injuries caused by these gases are no more susceptible to pneumonia and tuberculosis than persons who have not been gassed.

Tear gas and sneeze and vomiting gas are non-persistent agents which may be classed as "nuisance gases." Symptoms appear quickly after exposure. Tear gas causes smarting and watering of the eyes. The individual should leave the affected area immediately, facing the wind and keeping the eyes open. Symptoms will quickly disappear.

Eyes should not be rubbed or banded.

Sneeze and vomiting gases cause considerable distress of a temporary nature. Following exposure, the nose should be washed out with a solution containing a teaspoonful of baking soda to a glass of lukewarm water. This will neutralize the agent and reduce discomfort. If severely gassed with these types, a short period of bed rest is required.

### Civilian Defense County Office May Move

BURLINGAME — There is a definite possibility that the San Mateo County Civilian Defense officials will seek a new building and location for the county control center when they meet this afternoon, it was indicated today.

Although the officials recognize the Washington Park center as almost ideal in regards to being centrally located, many of them believe that the building is much too small to house all of the active departments which go to make up the defense setup.

One defense head pointed out that anyone desiring to drive his automobile directly to the center must drive over the quarter-mile stretch of bumpy road, and he said that defense heads as well as everyone else must do all in their power to conserve their tires.

### S.C. Identity Tags Still Available

SAN CARLOS—More than 100 identification tags for San Carlos school children were uncalled for at the end of the school year. School officials have turned the tags over to Mrs. Lillian Lynch, city clerk, at the San Carlos City Hall and parents may obtain them there.

Registration and payment for the tags was made at the time of sugar rationing registration in the city schools. The project was sponsored by the Parent-Teachers Association in conjunction with Civilian Defense officials.

One set of identification paper to accompany each tag will be placed in CD offices while the other set will be kept in the schools.

She recently resigned from her position and has been giving a course in children's literature this year at the University of California School of Librarianship.

Miss Wilhelmina Harper, local librarian, met Miss Moore several years ago when she was a librarian in New York.

### Candidate

Edward R. McDonald, incumbent San Mateo County supervisor from the fifth district, has filed nomination papers as a candidate for re-election.

### MANY KILLED

Many drivers still need to learn the "Stop, Look, and Listen" lesson. Census Bureau figures indicate. Last year 1707 persons were killed in collisions between automobiles and railroad trains.

## Keep Water Heaters Going As War Aid

Wartime efforts on the home front demand an ever-ready, abundant supply of hot water, day or night. From the morning dishes to the relaxing bath before bed, hot water is a necessity for hundreds of household tasks.

With the faithful automatic gas water heater continuously on the job, there's no delay and Mrs. California can perform her household chores with the utmost speed and get to that Red Cross class in plenty of time.

For health, efficiency and time-saving, your water heater must be kept in shipshape form. Drain it at frequent intervals, in accordance with manufacturers' instructions, to remove sediment. Keep it clean and properly adjusted. And at the first sign of trouble, you'll find your authorized service dealer ready to help you "duration-ize" it with timely repair.

## MENLO PARK NEWS

By D. E. O'KEEFE

Tax Collector A. McSweeney having announced that he will not be a candidate for re-election, the local politicians are grooming a prominent native son for the place. The announcement of his candidacy will be made next week.

The boys from Menlo Park serving in the army in Australia write to the folks at home telling of the hospitality of the people of that far land. Nothing is too good for the American soldier, they are being entertained and dined in almost every home. When the lads come back, they will sing the praises of the Aussies.

Last Monday at the Palo Alto Hospital a baby girl was born to Mr. and Mrs. James T. O'Keefe Jr. The little miss is very pretty and no doubt will be the future belle of Menlo Park.

Miss Carmel O'Keefe gave a dinner Wednesday afternoon in honor of Mrs. Dorothy Taylor Fisher of Portland, Ore., who is here on a visit with her father, Arthur Taylor. Blue and green were the color decorations. Mrs. Taylor leaves in a few days for the North.

The last brick was removed from the Doyle Building on the highway this week and with it went memories of Old Menlo and the many pleasant times enjoyed in the ancient hall. The structure will not be replaced, at least for some time.

Mr. and Mrs. James Connor of Canada are here to spend the Summer. Their son is a captain in the Canadian army and is somewhere in Australia.

There appears to be no truth in the rumor that the Oak Grove Villa had been sold to a San Francisco hotel man. The owners of the property are holding out for a big price.

John Cahill and family arrived here this week from New Orleans to make their home in Menlo Park. Their two charming daughters will attend Stanford next semester. The Cahills have a son in the East studying for the priesthood.

Mrs. Joan Hamilton is here from Chicago visiting friends. She leaves in a few days for Reno to marry a young attorney of that city.

**MONTEITH RETURNS**  
After a month's absence in the Middle West where he attended post graduate clinics at the Cook County Hospital, Chicago, Ill., Dr. Robert F. Monteith had returned to Redwood City today to resume his practice at the Monteith Clinic.

France has one blind person in every 500 inhabitants.

## Starlet Gets 'Fresh Start'

Marie Windsor, new Warner Bros. starlet appearing soon with Jack Benny, believes in starting the day right with a nourishing breakfast. And, mmm! Is she enjoying that generous bowl of Vitaminized Ruskets, flaked wholewheat cereal biscuits, with fresh strawberries and milk! She says they give her a fresh start and provide extra energy and stamina for a successful day. Miss Windsor prefers Vitaminized Ruskets, not only because they taste so good and are so rich in vitamins, but because they take little or no sugar, and the new Ruskets patriotic "tight pack" (conserving paper and vital shipping facilities) has kept Ruskets at the same old price per ounce.

## EPA Man 'Illuminated'; Horse-n-Buggy Were Not

**EAST PALO ALTO** — Alfred Ampuero, 65, of Page Mill Rd., enjoys the "distinction" of being charged with horse-n-buggy drunk driving, an unusual variant of a familiar complaint.

He was scheduled to appear before Justice of the Peace Edward Hardy in Palo Alto, after his arrest early Sunday morning in connection with an automobile accident which caused minor injuries to Miss Thelma Morton, 731 Oakley Ave., Menlo Park, and Miss Athalone Pipkin, 330 Embarcadero Rd., Palo Alto.

Miss Morton was driving toward El Camino Real on Page Mill Rd. when, at a point about a mile and a half west of the highway, Ampuero's horse and buggy suddenly loomed before her. Ampuero, but not his horse and buggy, was "illuminated," according to highway patrol officers who investigated.

In order to avoid a collision Miss Morton swerved and in doing so her car ran over the edge of the road and overturned. Ampuero also will have to face

a charge of operating a vehicle at night without lights showing. The incident on Page Mill Rd. was the second bit of excitement for Miss Pipkin over the weekend. On Saturday afternoon she, Miss Morton and Bill Guernsey were swimming at Stevens Creek reservoir when Guernsey collapsed. Miss Pipkin rescued him.

## Desmond Estate Goes to Son

Mrs. Alice Desmond, who died June 4, left an estate which is expected to exceed \$100,000 in value to her son, Daniel J. Desmond, San Mateo, according to a will filed for probate in superior court at Redwood City. The will was dated Apr. 27, 1934.

Value of the personal property in the estate was placed at \$80,000. In addition there is real property in San Francisco, according to the petition for probate.

## Uncle Sam Won't 'Freeze' Ice

"Ice is one civilian commodity that won't be 'frozen'—except in the time-honored manner. While the government has requested that special deliveries be curtailed; nevertheless, the regular delivery of ice is assured." So says Mr. A. L. Robertson, manager of the Redwood Ice Delivery, of this city.

Government officials have recognized that the preservation of the nation's food supply is of vital importance. It is because of this fact that ice delivery companies have been given a high priority rating on tires and on trucks where they are definitely needed.

Refrigeration is doubly important today because of the reduction of many kinds of home delivery service—such as milk, dairy products, meat and fresh vegetables.

Housewives are conserving rubber by shopping less often and purchasing larger quantities of perishable foods, which must be properly protected.

The government has made possible the continued production of the new and remarkably efficient air-conditioned ice refrigerator. What has been called the "Victory" model has a very small quantity of vital war materials in its construction. This refrigerator is now being sold in large quantities. Mr. Robertson calls attention to the fact that this refrigerator does not dry out foods rapidly, maintains a low temperature, prevents the intermingling of food odors and provides a large quantity of crystal-clear ice. It is low in initial cost and low in cost of operation.

The new "Victory" refrigerator may be seen locally at the display rooms of the Redwood Ice Delivery, 95 Perry St.

## Commuters and Wives Attend Outdoor Meet

Approximately 150 commuters and their wives attended the monthly meeting of Redwood City Commuters Club Saturday at the home of Joseph Corbett, 1303 Hopkins Ave. William Leahy, master of ceremonies, kept a rapid-fire program moving throughout the afternoon featuring softball games, swimming in the Corbett pool, tennis and dancing. Dinner was served at 6 p.m. John Brand and a house committee was in charge.

## U. S. Navy Relaxes Recruit Requirements

U. S. Navy Recruiting Substation at the courthouse, Redwood City, disclosed the extent to which physical requirements have been lowered for volunteers. Thousands of men now wearing glasses are expected to be made available to naval service by changes in vision re-

quirements. Sufficient natural teeth or "suitable replacements" to supply satisfactory biting and chewing functions are the new requirements. Waivers will be granted to those whose weight is either above or below Bureau of Medicine standards, it was announced, and height requirements 76 inches maximum, 62 inches minimum.

## Simple Precautions Prevent Serious War Gas Injury

By DR. WARD L. MOULD  
Medical Gas Officer  
U. S. Office of Civilian Defense

(This is the fifth of a series of six articles about war gases, their characteristics, and measures the civilian can take to protect himself against gas injury.)

### V—YOU CAN PROTECT YOURSELF

This article will present a few simple rules by which injury by war gases may be prevented or modified. If mustard or lewisite are used, the most serious injuries will result from the liquid agent. Therefore, during a raid, remain inside, or go inside if you are out of doors.

Remember that war gases are heavier than air, and will cling to the ground. You can get away from the vapor by going to the upper floors of a building and by avoiding basements and other

low places. Even after a raid, it is better to remain inside the upper floors of a building than to try to leave the gas area unless so directed. Your air raid warden will guide you to safety when it is safe for you to move.

### Basic Rules for Self-Aid in a Gas Attack

1. Self-aid is the best aid for the prevention of injuries due to war gases. War gases are usually not dangerous if you take steps immediately to remove them from the skin and eyes. Effective means to accomplish this are in the kitchen and bathroom of every home.

2. If you are inside a building, remain there and go upstairs. Do not leave your house unless it is absolutely necessary. If you are outside and not able to get indoors, immediately walk—don't run—to get out of the gas area. Avoid puddles of liquid gas, basements, valleys and other low places.

3. If you have been exposed to a war gas:

a. Breathe through cloths wet with baking soda solution.

b. Get inside a building if possible, but first remove your outer clothing and leave it outside.

c. Wash your hands first, and then your face, with laundry soap and water.

d. After cleaning your hands, wash your eyes at once with a large amount of solution of baking soda; one teaspoonful of baking soda in a glass of water.

e. Take a bath, using plenty of laundry soap.

f. Wash your eyes again with baking soda solution.

4. If splashes of liquid gas have gotten on you:

a. Using small pieces of cloth, cleansing tissues or toilet paper, blot up as much of the liquid as you can, being careful not to spread it.

b. Daub the contaminated area with cloths wet with bleaching solutions containing sodium hypochlorite, such as, Clorox, etc.

c. Follow directions b, c, and d in 3 above.

5. Never get excited. Lie down and cover yourself with a blanket. Medical aid is on the way. There is no immediate serious danger from exposure to any known war gas.
